Thanks Marcia! I don't know if it's intended that I would attend this meeting, but just in case I thought I'd let you know that I will be out of the office on annual leave July 12 -14 and for sick leave August 9 -11. Again, just FYI. I don't know who all is expected to attend. Thanks again! Renea

You are welcome.

I will follow-up with you sometime next week on the matter of the agenda and Title VI.

Thank you,
Marcia

Thanks very much Marcia for this background. Just to clarify, i am not expecting to discuss the title Vi case, except to share that resolution of the environmental issues through region 6's/ADEQ/GP' works would likely serve to resolve the title vi issues.

Please let me know when you'd like to discuss the agenda more specifically. Thanks!!

Lilian,

Thank you for your response! As soon as I narrow the date I will let you know.

Today was the first I spoke with Allison (attorney for GP), and in my discussion with her I shared the list of items that would be discussed at the meeting, including Title VI. She also understands that a draft

agenda will be shared at least one week before the meeting and comments will be solicited. In my call, I emphasized the aim of finding a holistic solution for all the outstanding issues, matters, etc., related to GP.

Further, I promised I would share with her a list of all the participants from EPA and ADEQ so that GP would be adequately staffed for the meeting. I told her that some people would participate by phone and it is my current knowledge that you, Sam, and Jim will attend in person.

Thanks for your offer to help, as I am sure that when we construct the agenda I will need your input.

I am off tomorrow and will be away from my computer, but hope to solidify the date by the end of this week.

Kind regards,
Marcia

Hi Marcia, I believe I have some flexibility the week of July 17th. The sooner we can narrow down a date the better so that I can block it off. If I'm traveling there I may need to travel the day before so, if that's the case, I would prefer not to meet on Monday. But I can work around it if the need be.

Also, I'm not sure if it was ever made clear to GP and ADEQ that the purpose of the meeting is not to discuss Title VI. There was some confusion about that earlier and I just wanted to make sure GP/ADEQ folks are not staffing for this meeting assuming it is a Title VI conversation.

Appreciate your help on this and please let me know if you have any questions re scheduling or other. Thanks!

Lilian, Johahna, and Zahra,

Although the July 14 date was a favorable date for EPA, we will need to look at another date because one of the attorneys for GP **will not** be available for July 14.

I just spoke with Allison, and she will be available the following week- the week of July 17, Monday through Thursday. Allison is the attorney for GP that is handling all the GP issues germane to the upcoming meeting, except for the enforcement case between EPA and GP, and so her presence is needed for the meeting in Little Rock.

Could you please share with me your availability for that the week of July 17? As soon as I receive word from your team and R6, I will follow-up with ADEQ and circle back with everyone when I find a date that is conducive for all.

Thank you in advance.

Marcia

Lilian, Zahra and Johahna,

I have been given the go-ahead to coordinate the scheduling of the referenced meeting, to be held in Little Rock, Arkansas.

What I know at this moment is that the available date for the meeting is July 14, 2017, in the afternoon.

An invitation will be forthcoming.

Kind regards,
Marcia
